📍 RTO #91141

# NSW Asbestos Licensing Programs

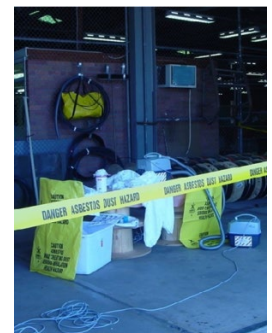

*Nationally accredited training now recognized across all states and territories of Australia*

**We are an RTO (91141)** delivering nationally accredited competency-based training, specialising in the area of work health & safety. All programs can be tailored to meet the specific requirements of your project/company whilst adhering to national/state regulatory requirements. Our specialist trainers are highly qualified and draw on a wealth of industry experience.

Our programs are designed to provide the maximum amount of simulated practical experience possible. On successful completion of each program, participants will be issued with a nationally accredited Statement of Attainment (SOA) to assist in meeting state licensing requirements.
