Updated ESI Short Courses

UETDREL006 Work safely in the vicinity of live electrical apparatus as a non-electrical worker

A short course for non-electrical workers which covers compliance with safe approach distances for worker, plant, tools and equipment *(no pre-requisite applies)*.

UETDRMP018 Perform rescue from a live LV panel

Pre-requisite: *HLTAID009 - Provide CPR*

This course covers the skills & knowledge required to perform a rescue from live low voltage (LV) electrical apparatus in an ESI environment (excluding overhead lines and underground cables). It includes workplace requirements for the inspection and use of live LV panel rescue equipment, and how it applies to Electrical Supply Industry (ESI) workers.

UETDRMP015 Perform EWP controlled descent escape

A short course covering the organisational workplace requirements for self-rescue from a raised EWP, including how ESI workers can meet WHS, mobility and mutual aid requirements.

UETDRMP016 Perform EWP rescue

Pre-requisite: *HTLAID009 - Provide CPR*

This program covers the skills and knowledge required to perform an EWP rescue in the ESI environment. It includes the workplace requirements for the inspection and use of EWP retrieval systems and its application for ESI workers/industry.

UETDRMP017 Perform pole top rescue

Pre-requisite: *HTLAID009 - Provide CPR*

This short course covers the skills and knowledge required to perform pole top rescue in an ESI environment. It includes the workplace requirements for the inspection and use of pole top rescue equipment, and its application to ESI workers/industry.

UETDRMP020 Perform tower rescue

Pre-requisite: *HTLAID009 - Provide CPR*

This short course covers the skills and knowledge required to perform tower rescue in an ESI environment. It includes the workplace requirements for the inspection and use of tower rescue equipment, and its application to ESI workers/industry.
