NSW Asbestos Licensing Programs

We offer nationally accredited, competency-based training in work health and safety. Our flexible programs are tailored to meet your company's specific needs while ensuring compliance with national and state regulations. Delivered by expert trainers with extensive industry experience, our courses emphasise practical, hands-on learning. Upon successful completion, participants receive a nationally recognised Statement of Attainment (SOA) to support NSW licensing requirements.

NATIONALLY ACCREDITED COURSES

TO MEET NSW STATE LICENSING REQUIREMENTS

CPCCDE3028 Remove non-friable asbestos

Nationally recognised training to meet harmonised WHS legislation & state licensing requirements. This course will enable you to remove >10^{2}m of non-friable asbestos (under license) and work safely without creating risk to self or others.

2 DAYS

Prerequisite: *CPCWHS1001 Prepare to work safely in the construction industry*

CPCCDE3029 Remove friable asbestos

This nationally recognised training enables you to prepare, contain and remove friable asbestos and meet decontamination and disposal requirements.

2 DAYS

Prerequisite: *CPCWHS1001 Prepare to work safely in the construction industry + CPCCDE3028 Remove non-friable asbestos*

CPCCDE4009 Supervise asbestos removal

This nationally recognised training provides the skills and knowledge required to plan for and supervise the removal of asbestos containing material (ACM). It includes compliance with the asbestos removal control plan (ARCP) and ensuring required air monitoring and other mandatory testing/certification processes are conducted by licensed asbestos assessors.

1 DAY + workplace

Prerequisite: *CPCCDE3028 (non-friable) or CPCCDE3029 (friable)*

CPCCDE5001 Conduct air monitoring and clearance inspections for asbestos removal work

Nationally recognised training covering the required skills and knowledge for licensed asbestos assessors to visually inspect and use a range of measuring devices to undertake the monitoring of airborned asbestos fibres in the workplace.

2 DAYS

Prerequsite: *Nil*
